

Dear Parents and Carers,

**Read for Seeds**

We have decided to get involved with the **'Read for Seeds'** scheme, raising money for the charity **Promise of Education - Uganda**. In the scheme, children are sponsored to **read regularly, write a book review and write about what they have learnt from the experience** over the coming weeks and will be finding out about life in Uganda, Africa along the way. At the end, they will be given a certificate and the money raised will be sent to Promise of Education - Uganda. We feel that this is a great opportunity to stimulate more **reading/writing**, whilst helping children to become aware of different cultures and the issues of poverty in the developing world.

**What is Promise of Education - Uganda?**

Promise provides access to support, education and training to very poor families in Uganda. Families receive support to provide access to an education for children and youths in order to improve their opportunities for improved health and hygiene and an income from various trades and life-skills. **Part of the life-skills include teaching planting and each family agrees to pass a portion of its seeds from its first crop along with an explanation of how to care for the plants to another poor family, who will benefit and then do the same.** So, by taking part, your child will be helping to provide a gift that will multiply.

Your child will be able to choose from a list of books relevant to Africa, the environment to support the work of Promise of Education - Uganda. They will then need to get sponsorship from family and friends for each book that they read, and they will be given stickers as they progress.

Thank you in advance for supporting this initiative. We believe it will help your child understand that they can make a real difference in the lives of others.
